#VERSE

A bitter pill to swallow  
You're not as strong as you thought  
Life has never been more fragile  
Than facing a battle that can't be fought

#VERSE

You can watch it through your window  
From within your walls  
An invisible enemy  
Has come to take it all

#PRE-CHORUS

Feel your soul is shaking  
Can you hear nature's cheer  
And if your light shines bright enough  
There are no shadows to fear

#CHORUS

In the dark  
In the dark  
In the dark  
In the dark

#VERSE

What can you do with all your money?  
Earned by working on machines  
Can't buy back your freedom  
Can't make it be redeemed

#PRE-CHORUS

Feel your soul is shaking  
Can you hear the angels scream  
And if your light shines bright enough  
There are no shadows to fear

In the dark  
In the dark  
In the dark
