#VERSE

D/Em                      G  
Thirty years of being human,  
feeble minded, full of doubt  
Thirty years of being me  
left a bad taste in my mouth

#PRE-CHORUS

C                      Am  
How would I know if it was going down  
G    B  
would you recognize the signs before you started losing ground  
And I'm afraid of what's to come  
but at the same it's ridiculous to worry about things I can't control  
C                      Am  
I don't want to close my eyes  
B  
for good

#VERSE

Thirty years of going nowhere  
The space I travel is confined  
Thirty years of collecting moments  
All I've found is all but mine

#PRE-CHORUS

How would I know if it was going down  
would you recognize the signs before you started losing ground  
And I'm afraid of what's to come
