#VERSE

Hello again
I'm still here
Whispering tempting words into your ear

#VERSE

I'd never leave you
You're such a dear friend
Why would you ever want our little party to end

#CHORUS

This is me
You know my name
You know I'm too close
when you feel the heat of the flames

#CHORUS

This is me
Listen to my song
I'm right by your side
when all your hope is gone

#VERSE

I know your desires
I can tell you the prize
The only thing you'll get for free is some bad advice

#VERSE

But don't you worry
I'm no threat
I can show you pleasure, if you let go of regret

#BRIDGE

I need you to trust in me,
Think of all the fun,
Or you'll be sorry that you turned me down

#CHORUS

This is me

You know my name
You know I'm near
when everybody's going insane

#CHORUS

This is me
Listen to my song
I'm right by your side
when all your hope is gone

#BRIDGE

I need you to trust in me,
Think of all the fun,
Or you'll be sorry that you turned me down
I need you to trust in me,
Think of all the fun,
Or you'll be sorry that you turned me
turned me down

#OUTRO

This is me
This is me
This is me
You know my name
